**Please Read Special Notice to Exhibitors:**

GTWAG, their Board of Directors, ASCA and its Board of Directors, and the Owner of the property assume NO RESPONSIBILITY for any loss, damage, or injury or illness sustained to exhibitors, handlers, or any visitor to this site, or to any of their dogs, personal property and/or children.

Please clean up after your dogs at this site and at any hotel, motel that you may stay at in conjunction with this event, so that we can continue to use these facilities! We deeply appreciate your cooperation with this request!

**Trials will be held under the current rules and regulations of ASCA.**

No entry will be accepted from any person not in good standing with ASCA.

Checks that are not valid will not be considered a valid entry to the trials and there will be a \$35.00 fee for them. Please don't make us have to enforce this!

**Our usual generous refund policy will be in effect if requested by 24 hours of the start of the trial. No Bitches in Heat will be allowed to compete at these trials per ASCA regulations. We will be happy to refund entries for bitches in heat, as always.**

**PLEASE READ OUR ARRANGEMENTS FOR COVID-19 SAFETY RULES THAT WILL BE IN PLACE FOR THIS TRIAL IN THEIR ENTIRITY:**

Due to ASCA and our Club's wish to make this as safe a trial for our exhibitors at this time, spectators will not be allowed in the building during the trial. Everyone in the building MUST wear a mask or face covering that covers their nose and mouth at all times while in the building. Anyone not complying will not be allowed to enter the ring to show. Our judges, stewards and workers will all wear masks while in the building, too, of course. Only the current class exhibitor and one "exhibitor on deck" will be in the building with their dog while the class is running. A ring steward will invite the next exhibitor into the building as one leaves. A check in board will be outside the entry door to help you keep track of your place in the class and get your score. As usual, no dog treats or food within 10 ft of the ring per ASCA rules.

Cleaner and hand sanitizer will be made available, and rest rooms may be used, of course.

**No show photographer at this time.**

**We will send exhibitors a schedule for the classes with times for each class to start a few days before the trial, and while we may be slightly delayed in starting the class, the walk thru and actual class will NOT**

start BEFORE the scheduled time. You will NOT need to be at the show site for a great deal of time before your first class unless you wish to be, to minimize your time on site. Ribbons for each class will be available for the qualifiers immediately after the class. There will be no need to remain at the trial site after your class unless you wish to do so. If you happen to be a lucky exhibitor who earns one of the large Rosettes, if you are not still at the trial for your win, you may then pick up your rosette the next day, if you are not still there, the club will happily mail it to you on Monday morning, but you WILL know you won it before the trial secretary leaves the trial site for the day!

We plan for the Trial to be over by 2:30 on Saturday and Noon to 12:30 on Sunday---actual time may vary depending on speed of performances in each class.

Exhibitors may “camp” outside the building with tents, chairs, pop-ups, fans, etc, under the shade of the trees or in the grass , or crate out of their vehicles. There are no RV hookups or electricity available for them. We cannot allow you to park an RV overnight at the site, even without a hook up. Sorry! If you wish to leave some of your belongings at the site over night, we recommend you store them INSIDE the building. We cannot guarantee their safety if you leave them outside. Sorry!

No food will be provided at this trial, but we will provide water for our Exhibitors, and Exhibitors are, of course, allowed to bring their own coolers with food and drink if they wish, to be kept in their cars or coolers outside the building.

We realize this is NOT our usual set up, but social distancing should be observed outside for your safety. We want to make it possible for you to trial, AND maintain your safety in these unusual times. We realize we are fortunate that we can do this, as many trials/events have had to cancel and we hope that this will make you feel confident enough to

attend. It will be a quiet trial inside, and we also hope that will relieve any extra anxiety you may feel while “pandemic trialing”. We look forward to seeing you again after so many months without trials! Thank you for considering joining us!

**IF CONDITIONS GET BETTER REGARDING COVID 19 BEFORE THE TRIAL, MAKING THESE ARRANGEMENTS UNNECESSARY, WE WILL ALERT YOU!**
