## Bring a wrapped gift (limit \$25) and play Dirty Santa!

### Rules to the Dirty Santa Gift Exchange:

The rules to the game are simple. Start off by placing the gifts in a central location where players can easily access them and make their selection.

1. **Decide who starts first.** There are several ways to do this. Typically, everyone draws a number from a container and each guest then plays in sequence according to the number that they drew.
2. **Player 1 picks a gift** from the central pile, opens it and shows it to everyone. The fun here is in the gift itself and the reaction of the recipient.
3. **Player 2 has a choice** of either selecting an unopened gift from the pile or doing the dirty by taking the opened gift from Player 1. If Player 1's gift is stolen, then they must select another unopened gift from the remaining pile.
4. **Each subsequent player has a choice.** They can either select an unopened gift from the pile, or take an already opened gift from any of the preceding players. In the event that their gift was stolen, the previous player can select another unopened gift from the pile or select one of the opened gifts from the other players (however, they cannot take back from the person who just took from them, and no gift can be stolen more than 3 times).
5. **After all players have chosen, the 1<sup>st</sup> player gets final choice of all gifts.**
